Moody's Upgrades City of Beavercreek's Bond Rating to Aa3 from A1

Moody's investment service recently upgraded the City of Beavercreek's bond ratings for all outstanding bonds. In their press release Moody's cited the City's stable financial position, large and diverse tax base and manageable debt profile. Moody's further indicated they anticipate that the City will experience moderate near-term growth and cited Beavercreek's favorable location in Greene County. This was based on recent and forecasted commercial growth, with potential for even further growth with BRAC activity which will consolidate military operations at Wright-Patterson AFB and be a positive enhancement for the area.

Moody's emphasized that City leaders have continued to balance operational priorities and officials expect that Beavercreek will continue to maintain adequate operating reserves. Moody's followed with a statement that Beavercreek has a record of strong voter support for levies (Police and Street) which "bodes well for ongoing stability of the City's finances."

What does the bond rating mean to the City? The bond rating by an independent outside agency provides an overview and risk rating for investors wanting to purchase City bonds. This lower risk translates into lower interest rates. This rating

Investment Quality	Rating	Result
Best Quality	Aaa	Lowest Interest Rate/Lowest Risk
High Quality	Aa1 Aa2 Aa3*	High Grade Bonds/Low Long Term Risk
Upper Medium Grade	A1** A2 A3	Favorable Investments/Long Term Risk Favorable

* New Rating; ** Previous Rating

assists the City to issue more attractive bonds when funds are needed for various capital projects.

"In this economy with negative headlines regarding reductions in city services throughout the country, this reaffirmation by Moody's that the City is worthy of a bond upgrade reflects well on the City of Beavercreek's conservative investment strategy," indicated Michael A. Cornell, City Manager.

ODOT Recommends Ramp Closure

At a public information meeting held on August 27, 2009, the Ohio Department of Transportation presented the results of preliminary engineering studies for the MOT-35-18.57 Project. As part of the project, which includes the addition of a third eastbound and westbound lane for U.S. 35 between Smithville Road and I-675, the recommended alternative includes the reconstruction of the Smithville Road and Woodman Drive interchanges, as well as the removal of the on and off ramps from Dayton-Xenia Road and Linden Avenue.

Several hundred residents, business owners, and official representatives on behalf of the City of Beavercreek attended the meeting and expressed their opposition to the ramp changes. Following the receipt of all public comments, ODOT will make a final determination of the acceptance of the recommended alternative.

Support Programs and Services for Seniors – Things You May Not Know

The Center receives over \$130,000 annually in grant money from the Greene County Council on Aging to assist with both the Center operations and a huge portion of our transportation program. The monies are made available to the Council on Aging through the Senior Service Levy, a five year levy which will be on the ballot this November. The Center could not operate at its current level without the support of grant monies!

Greene County Public Library Renewal Levy

The Greene County Public Library has a 1 mill, 5-year operating levy that expires in 2010. The renewal levy is Issue 7 on the Tuesday, November 3 ballot.

Renewal will maintain community support for the Library at 2005 levels, and will not increase taxes.

Frequently Asked Levy Questions

Why is the Library a sound investment of taxpayer money?

The Nine Libraries study showed that Southwestern Ohio's Libraries provide a return on investment of 381 percent to our taxpayers. This means for every dollar taxpayers invest in the Library, they receive nearly \$4 in return through the goods and services provided by the Library.

Why is the Library important?

The Greene County Public Library benefits the community by:

- Providing opportunities for early literacy. Our children's programs develop reading skills that help kids perform better in school. In 2008, we presented 1,685 programs attended by 43,852 children and adults. We also made over 300 visits to Greene County schools.
- Promoting lifelong learning. Greene County citizens visited our libraries over

1.2 million times and checked out over 2.9 million items last year. Through partnerships with other libraries around the world, we provide access to over 5 million items. Libraries provide unlimited opportunities to discover, learn and grow for people of all ages.

- Improving quality of life for the homebound. The Library helped the homebound stay connected to the rest of the world by delivering 23,000 items to homebound patrons in 2008. Having personal contact with our staff is a bright spot in the day of our homebound patrons, and the materials we provide help exercise the mind, especially during long periods of illness.
- Providing computer resources. Greene County residents used our Internet connection over 175,000 times in 2008 to write resumés, apply for jobs, and stay connected with friends and family. Patrons saved time and money by requesting and renewing over 450,000 items via our Web site in 2008.

How much will the Levy cost me?

Renewal of the Levy will not increase taxes. The cost to a homeowner is just \$30.63 per year for a home valued at \$100,000 by the county auditor. That's \$2.55 a month, or less than 60 cents per week - about the cost of a candy bar.

How will Levy funds be used?

The Levy funds the operation of the library system in Greene County, consisting of locations in Beavercreek, Bellbrook, Cedarville, Fairborn, Jamestown, Xenia and Yellow Springs. The Levy also funds: purchasing books, videos, audio books, magazines, and newspapers; sustaining programs for children, teens and adults; providing library services for people who are disabled or in nursing homes and supplying computers for writing resumés, Internet access and the library catalog.

Is this more money than the Library is now receiving?

No. The funds will maintain community support for the Library at 2005 levels, and will not increase taxes. Although the Library has experienced a dramatic decrease in State funding - nearly \$1.2 million a year since 2001 - the Library is not asking the community for additional tax support during these hard economic times. Like Greene County's voters, we are making hard choices to survive the difficult times without requesting additional local community funding. Passage of the renewal Levy remains key to helping the Library continue its services until the economy recovers.

Halloween Safety Reminders

It will be a night of mystery and fun, with the streets and neighborhoods filled with figures of horror, superheroes and everything in between during *Beggars Night, Saturday, October 31 from 6:00 to 8:00 p.m.* Although this can be a fun and bountiful time for the kids, parents must keep safety foremost in their minds:

- Costumes should be well fitting to prevent falls. Masks should provide good visibility to the wearer. Use reflective strips. Consider face painting
- Children should be accompanied by a parent or responsible teen; groups should be manageable, with three to four in a group
- Stay in own or familiar neighborhoods and in groups
- Be careful of dogs as costumes often frighten them and do not go to houses which are not lighted
- Don't walk in middle of street; stay on the sidewalk and watch for oncoming traffic. Carry flashlights
- Advise children that the Stranger Danger Rules apply during this night. Don't go into houses unless accompanied by a parent or the occupants are known
- Check all treats prior to eating. Make certain wrappers or fruit haven't been tampered. Report contaminated candy, fruit or other treats and where it was obtained
- Consider using personal walkie-talkies

For further information contact John Williams, Crime Prevention Specialist, at 427-5525.

Grant Funding Improves Beaver creek Streets

What do the Cities of Beaver creek and Columbus have in common? They both have an equal number of federally funded local transportation improvement projects either under construction, or planned for construction between 2006 and 2010 according to information provided by the Ohio Department of Transportation.

As you have probably noticed, there have been several roadway improvement projects around Beaver creek this summer, as well as the past several summers. These improvements have been made possible through the City's success in obtaining grant funding to help pay for the cost of these projects. One of the largest of these grant sources, federal transportation improvement grants, has enabled the City of Beaver creek to initiate almost \$9 million worth of federally funded

roadway improvements within this five year period, with nine federally funded projects scheduled for construction in Beaver creek between 2006 and 2010 ranking in the top 10 percent of all political jurisdictions statewide. While these federal transportation grants are an important funding source in improving Beaver creek's streets, there are also several other grant sources that the City has utilized. When the federal and other grant sources are combined, the City of Beaver creek has received over \$14 million in grant funding within this five year period, with these grants paying a combined total of 87 percent of all project construction costs.

In the coming years, it looks like the current pace of roadway work will continue with the City of Beaver creek already receiving funding for 10 new projects to be constructed

between 2011 and 2014, for a combined grant award of over \$7.7 million. For a complete listing of upcoming roadway improvement projects please visit the City of Beaver creek web site at www.ci.beavercreek.oh.us, or contact the City Engineering Division at (937) 427-5513.

Go Green by Recycling

Help make a difference in the community through recycling

Many people are taking responsibility for helping the environment by going green, which includes recycling. The Greene County Recycling Complex makes it easy and convenient to recycle. The Complex will take most residential recycling materials from residents at no cost.

Recycling offers a number of benefits including conservation of our natural resources and protection of the environment. Any trash that is not recycled ends up in a landfill. Area landfills are rapidly running out of space, and when that space is gone, new ones will have to be constructed. No one wants to live near a landfill, so it is better for everyone if the existing landfills last longer. Recycling is one way of keeping trash from the landfills. Reducing your waste and reusing materials are also important in keeping landfill material at a minimum.

Recycling also preserves our natural resources. For example, recycling one ton of paper saves 17 mature trees, 7,000 gallons of water, three cubic yards of landfill space, two barrels of oil, and 4,100 kilowatt-hours

of electricity – enough energy to power the average American home for five months.

To be part of the green action, you can bring the following items to the Greene County Recycling Complex:

- Cardboard
- Plastic bottles #1 and #2
- Newspaper
- Glass bottles and jars-unbroken
- Office paper and junk mail
- Metal cans – food and beverage
- Magazines and phone books
- Household and vehicle batteries

The Complex is located at 2145 Greene Way Blvd., in Xenia, and is open Monday through Thursday from 7:30 a.m. to 8:00 p.m. throughout most of the year. Beginning on December 14, the Complex will be open Monday through Thursday from 7:30 a.m. to 6:00 p.m. These hours will last through February.

Throughout the year the Complex is open on Fridays from 7:30 a.m. to 4:30 p.m., and on

Saturdays from 9:00 a.m. to 4:00 p.m.

The facility will be closed in observance of the 2009 holidays:

- *Veterans' Day* – Wednesday, Nov. 11, 2009
- *Thanksgiving Day* and the day after November 26 and 27, 2009
- *Christmas Day* – December 25, 2009*
- *New Year's Day* – January 1, 2010*
- *Birthday of Martin Luther King, Jr.* – Monday, January 18, 2010

*The Recycling Complex will close at 11:00 a.m. on December 24, and 4:30 p.m. on New Year's Eve, December 31, 2009.

Please do your part in going green – reduce, reuse, and recycle.

Composting Helps the Environment

It is almost time for fall leaf season and Greene County Environmental Services is encouraging residents to compost their leaves and grass clippings.

To learn more on how to compost correctly, you can do a Web search on composting or contact our office at (937) 562-5925 for a brochure or more information. Keep in mind that when yard waste is composted, it decomposes quickly and becomes a valuable soil amendment. If it is thrown in the trash, it ends up in a landfill, where it takes up valuable space unnecessarily.

If you need a way to manage yard waste beyond a compost pile, Environmental Services offers convenient drop-off sites. The Central site, located at the Recycling Complex, 2145 Greene Way Blvd., in Xenia is open all year. Operating Hours are:

Mondays – Thursdays from 1:00 p.m. – 8:00 p.m. | **Saturdays** from 9:00 a.m. – 4:00 p.m. | **Fridays and Sundays**, the facility is closed

Hours of operation change during the winter months. From December 14 through February, the weekday hours will be Monday through Thursday, 10:30 a.m. to 6:00 p.m. Saturday hours will remain the same.

The Community sites will close for the season on December 3. Those sites are:

- *Beavercreek*, 2260 Dayton-Xenia Road, Monday and Wednesday 4:00 p.m. – 8:00 p.m.
- *Sugarcreek*, 2120 Ferry Road, Monday and Wednesday 4:00 p.m. – 8:00 p.m.
- *Fairborn*, 1018 Yellow Springs-Fairfield Road, Tuesday and Thursday 4:00 p.m. – 8:00 p.m. (Closed Election Days)

All sites accept leaves, grass and brush. Brush must be no more than four feet long and four inches in diameter. Remember, the Central site accepts cut Christmas trees.

Continue the cycle! Materials brought to the site are ground up and made available to Greene County residents as free untreated mulch. Contact Environmental Services at (937)562-5925 for more information.

Beavercreek Township Trustees Hire New Fire Chief

Eighteen year veteran assumes command of the Beavercreek Township Fire Department

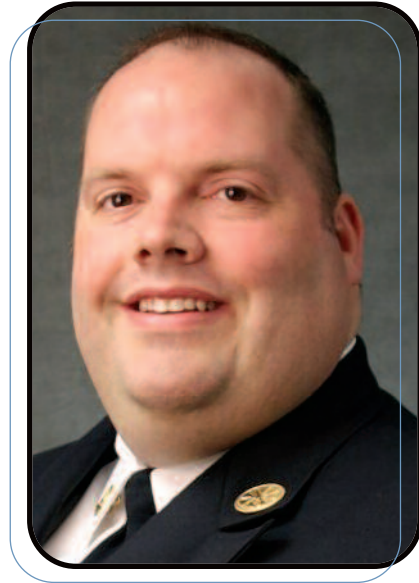

David VandenBos has been a member of the Beavercreek Township Fire Department since August 1991. A 1989 Beavercreek High School graduate, VandenBos started out by becoming a volunteer firefighter and lieutenant while he attended college at Miami University, Oxford, Ohio to pursue a Bachelor's in Environmental Design.

After graduating from Miami University, he was hired as a full-time civilian fire prevention specialist in May 1995. This position utilized his education from architecture school and the training he acquired from the Fire Department.

Not long after being a fire prevention specialist, David was hired as a career firefighter, paramedic, and officer-in-charge. He was promoted to Lieutenant in 2001 and promoted to Deputy Chief in 2003. Meanwhile, David went back to school at the University of Dayton to obtain his Masters of

Public Administration. He also became a Certified Public Manager through the State of Ohio.

During David's eighteen years of service to the Beavercreek Township Fire Department, he has served in positions of increasing responsibility and authority. He has vast knowledge and is experienced in all areas of the fire service including operations and administration. With that, he obtained a broad range of experience within the Fire Department. David's history with the Beavercreek Township Fire Department has been personally and professionally rewarding as well. He has earned numerous awards and recognition from the Department such as Firefighter of the Year and certificates of Recognition and Achievement. He was awarded a Proclamation of Achievement from the Ohio House of Representatives in 1995 and the Trustees Award in 2001.

Beavercreek Fire Chief, David VandenBos

David is looking forward to the challenge of leading the Beavercreek Township Fire Department as its tenth Fire Chief.

Fire Station 62 Undergoes Renovation

The Beavercreek Township Fire Department Station 62, located at 3777 Dayton Xenia Road, is being renovated and expanded to meet the standards and requirements for Americans with Disabilities Act as well as National Fire Protection Agency. These standards and requirements have been updated since the station's construction 46 years ago.

One of the problems the Fire Department had to overcome was finding temporary quarters for the crews and apparatus housed at Station 62. A solution was

needed to maintain the level of service in the district. Along with the personnel, the ambulance, and fire engine, we had to relocate equipment that 12 personnel (four people times three shifts) need to live and stay safe. Many solutions were discussed and researched, but none were feasible based on either budgetary or timeline constraints.

When it seemed improbable that temporary housing would be available, the Fire Department was contacted by the owner of Carpenters Welding. Based on the proximity of Carpenters Welding at

1655 Brook Lynn Drive to the current Station 62, it was nearly a perfect fit. The location also meets the large space requirement. After working out a short term lease agreement foreseen to last approximately six to eight months, the crews were able to make the temporary move to the location at 1655 Brook Lynn Dr. on July 20 until the completion of Station 62.

Below: An artist's rendering of the renovation planned for Beavercreek Township's Fire Station 62.

Beavercreek Township Fire Department Local 2857

How the Firefighter Union benefits the Beavercreek Community

Beavercreek Township Fire Department Union Local 2857's primary objective is to continue to support the community. It's an important aspect of the Beavercreek Firefighter.

In the past three years, they have provided a high school scholarship for Eric Thompson, the son of Battalion Chief Gail Thompson, who passed away a few years ago. Eric is entering the field in his father's footsteps, and they could not be more proud to support him. The Local has provided an additional scholarship over the past two years to a second student who plans on entering the fire service, medical field, or any other profession that simply helps people.

Union members in 2007 developed the Vial of Life program for citizens of Beavercreek. Hundreds of these vials have been distributed at community events, one of which was a health fair the Local sponsored at the Senior Center with over 200 attendees. The Union is planning another health fair on October 23.

The Union adopts a needy family every

Christmas and provides presents and the holiday spirit. They also provide annual sponsorships to Beavercreek Youth Softball and to the Beavercreek Athletic Association for youth sports.

The Local and La Rosa's pizza joined together in 2008 for a fundraiser for two area Firefighters following two tragic events including a career ending injury to a Kettering firefighter, and the death of a Dayton firefighter's wife and unborn child. A total of \$10,000 was raised.

It's not all work and no play for the Union. In 2007, members of the Beavercreek Fire and Police departments played in an off-duty volleyball game to raise money for the Beavercreek High School student council, and have coordinated and sponsored numerous events for MDA including multiple golf scrambles, Cinco de Mayo celebrations, fill-the-boot campaigns, and outdoor events at local restaurants. Local 2857 has always been a key player in the Dayton area MDA campaigns, and in the past five years has donated over \$8,100 to Dayton MDA.

In early 2009, Local 2857 voted to focus all of its fundraising efforts on an internal cause. Owen Gustafson and Owen's place is a playground and park that would be entirely accessible to special needs members of the community. The Local held several fundraising events at several area restaurants, and have many other events planned to raise as much money as possible for our friend Owen and our neighbors.

Through these and other efforts, the Local will strive to continue to be an asset to the Beavercreek Community.

Fire Department Apparatus Pulls It's Own Weight

In 2008, the Beavercreek Township Fire Department sent apparatus to over 5,447 incidents throughout the City and Township. Over 80 percent of these calls were medic units responding to medical emergencies, followed by transporting patients to a hospital of their choice. The other percentage of emergencies involved responses to fire, rescue, and service calls.

Fire department apparatus serve a vital role in our operation. As with any vehicle, fire engines and medic units have a life expectancy and must eventually be replaced. To justify the replacement cost for apparatus, it is important to understand how these vehicles serve our community.

Medic units are also known as ambulances. An advanced life support (ALS) medic unit is used to respond to calls where someone has summoned help for a medical emergency. A medical emergency call in Beavercreek can

be anything from a patient having a cut finger to a heart attack, a traumatic injury or a full cardiac arrest. A medic unit must be staffed with at least two state-certified emergency medical techs. These vehicles carry a wide range of specialized medical equipment and pharmaceutical supplies. This equipment can be used by certified personnel to assess and treat medical illnesses and injuries. The patient is treated for their illness or injury until they have been stabilized. The patient continues to receive care while being transported to a hospital facility of their choice. Currently, Beavercreek has in service four front line medic units and two reserve units which are used when a front line unit is receiving service for maintenance. A reserve unit may also be used in special events such as the Popcorn Festival. The estimated cost for a new medic unit is \$200,000.

A Fire Engine is used to respond to fire incidents, Haz-Mat incidents, vehicle crashes, rescue situations and medical emergencies. On average there are three firefighters assigned to staff an engine. These vehicles carry a broad range of equipment to handle such emergencies. The primary equipment carried on a fire engine is the fire pump which is integrated into the vehicles power plant or engine. This apparatus also contains hose and water used to extinguish fires. Fire hose and water is extremely heavy. The average Beavercreek fire engine carries approx 750 gallons of water. This amount of water is necessary to gain control of a fire in a residential house. Additional water can be secured from a hydrant or other water source. The weight alone for water carried on our engines averages to around 3 tons. All fire engines in Beavercreek are equipped with ALS medical equipment, just like a

[Continued on next page...]

Stay Fire Smart! Don't Get Burned

Touching a hot stove is the hard way for a child to learn to stay away from one. This does not take into account the pain and suffering from burns which should not be part of the learning process.

That's why Beaver Creek Township Fire Department is teaming up with the National Fire Protection Association for Fire Prevention Week 2009 to urge Beaver Creek residents to *Stay Fire Smart! Don't Get Burned*. This year's campaign focuses on ways to keep homes fire safe and prevent painful burns. Fire safety educators will be teaching local residents how to plan and practice escape from a home in case a fire occurs.

The statistics are staggering. Each year roughly 3,000 people die as a result of home fires and burns, and more than 200,000 individuals nationwide are seen in emergency rooms with burn injuries.

The most common types of burn injuries result from fire or flame burns, scalds and contact burns. Burns are painful and can result in serious scarring and even death. When we take extra caution in our homes to ensure that the curling iron is out of children's reach or pot handles are turned away from the edge of the stove, such injuries are entirely preventable. Keeping our homes safe from fire and preventing devastating burn injuries is a healthy change we can make happen.

By following simple safety rules, you can

Stay Fire Smart! Don't Get Burned.

- Keep hot foods and liquids away from tables and counter edges so they cannot be pulled or knocked over
- Have a 3-foot kid-free zone around the stove
- Never hold a child in your arms while preparing hot food or drinking a hot beverage
- Be careful when using items that get hot such as curling irons, oven, irons, lamps, and heaters
- Install tamper-resistant receptacles to prevent a child from sticking an object in electrical outlets
- Never leave a child alone in a room with a lit candle, portable heater, lit fireplace or stove, or where a hot appliance might be in use
- Wear short or close-fitting sleeves when cooking
- Set your hot water temperature no higher than 120 degrees
- Install anti-scald valves on shower heads and faucets

This year the Beaver Creek Township Fire Department has plans to visit with schools and day-care centers to educate the children on this year's theme and other fire safety topics. We will also hold an Open House at Beaver Creek Fire Station 1 on 2195 Dayton- Xenia Road on Saturday, October 10 from 11:00 a.m. to 3:00 p.m. If you have any questions, please call the Beaver Creek Township Fire Department at 426-1213.

Fire Apparatus...

[...continued from page 7]

medic. What this means to the citizens of Beaver Creek is an Engine can respond to a medical emergency. If an engine is the first to arrive on the scene, crews can immediately initiate basic or advanced medical care to a patient.

Our department is currently operating five front-line fire engines which include an engine located and owned by Fairborn Fire Department. We have one engine in reserve. Our oldest engines are now over 13 years old.

Some of our engines being used by the Beaver Creek Township Fire Department have been in service since 1996. We have medics being used in reserve dating back to 1989.

The average national life expectancy of a fire engine built on a commercial chassis varies across the United States. In general you can expect to receive 15 years total service life for a commercial fire truck. This includes the time the vehicle is used as a reserve. Our oldest fire engine which was built on a commercial chassis is over 13 years old. This vehicle is a 1996 Luverne Engine built on a Freightliner Chassis. We have a total of four fire engines built on commercial chassis. Our last purchase of a new fire engine was in 2004. This vehicle was a Crimson fire engine built on a custom chassis for a cost of about \$250,000.

The average age for a Beaver Creek Township Fire Department fire engine is just over 10 years old. Our medic units are newer, averaging around six years in age. Our medic units are used more and have more mileage and hours.

The Beaver Creek Township Fire Department has begun analyzing what apparatus will need to be replaced in the next 10 years. An apparatus replacement schedule is critical to continue Fire Department operations. Beaver Creek Township Fire Department is working to develop a plan so that fire engines and medics are available whenever you call.

TOWNSHIP TIMES news and information is provided by Beaver Creek Township Trustees Carol Graff, President, Editor (426-8558), Bob Glaser (426-4644) and Bob Stone (426-4138). Township Fiscal Officer – Christy Ahrens (Office 429-4472)

www.beavercreektownship.org.

ZONING

The biggest zoning news items in Beaver Creek Township are the two new school campuses. The Elementary School campus site plan, in Stonehill Village, was approved by the Beaver Creek Township Board of Trustees and is reviewed by Greene County Regional Planning Commission for subdivision approval. Upon completion of the subdivision process, site work is planning to commence before the end of 2009. The Middle School site, at the corner of Ankeney Road and Dayton-Xenia Road, should come before the Beaver Creek Township Zoning Commission for recommendations and then to the Board of Township Trustees for approval before the end of the year.

In addition to the school campuses reviews and approvals, as of mid-August there have been 74 zoning permits issued, of which 25 are for new home construction.

The Township Zoning Commission has started a 10-month process to update the Land Use Plan for the unincorporated portion of the Beaver Creek Township. The last revisions were made in 2002. The current revisions will focus on the US 35 Corridor, the Greene County Airport and the Dayton-Xenia Road corridor. The first public input session will be November 5 at Fire Headquarters, 851 Orchard Lane. It is your first opportunity for input into how your community will look in the future.

ROAD

The Township Road Department is a multi-purpose unit. This Department oversees road conditions, conducts snow removal, monitors paving contracts, maintains the roads and rights-of-way, maintains Beaver Cemetery, Beaver Creek Library and the grounds surrounding Township facilities, and maintains the parks owned by the Township and those owned by the Beaver Creek Township Park Board.

The following are some of the highlights of summer 2009: paving 3.21 miles of Hilltop Road (\$264,149); berming Ankeney Road for \$5,900 offset by a grant from Greene

County of \$2,789; paving and berming 1.79 miles of Valley Road under an American Recovery & Reinvestment grant for \$185,880; road striping at a cost of \$9,000; tile repair at Preston Woods Court; ditch maintenance at Skyland Drive and Rolling Meadows; culvert replacement by Greene County for Hilltop Road and Valley Road; replacement of a 1997 small dump truck for \$64,500; expanded service to include street sweeping by Township staff instead of contracting the work to outside concerns; and mulched and maintained all the flower beds around the Township Buildings, including the Fire Houses.

***FYI:** If you live in the unincorporated portion of Beaver Creek Township you will have a RENEWAL of a 0.5 mill Road Levy on your ballot. Road levy dollars are used exclusively for roadway work. The other jobs conducted by Road Department personnel are paid for by appropriate debits to the General Fund or Fire Department.*

PARKS

- **Rotary Park** - Co-operative effort with City to replace bulbs for ball diamonds lights at a cost of \$7,200; co-operative effort with City to repair rear gravel parking area for \$1,900
- **Phillips Park** - Repaired barn roof and cleared waterway in wetlands for \$3,500; replaced wooden foot bridges for better and safer access to trails; stripped and re-mulched flower beds
- **Coy House** - Minor upgrades and adding railing to lower lever
- **Victory Park** - Work done for the Beaver Creek Township Park Board including the stripping and re-mulching of flower beds; replaced roof on small shelter
- **Leist Park** - Stripped and re-mulched flower beds; replaced roof on small shelter
- **Community Park** - Work done for the Beaver Creek Township Park Board including the stripping and re-mulching

of flower beds; chipped brush from Boy Scout project

- **Koogler Reserve** - Assisted Wetlands Association with brush removal for trail clearing
- **Library** - Repaving of parking area for \$31,000, removed island for additional parking and replaced railroad ties with parking blocks for \$1,800; removed old shrubs and dead trees; replaced screening for dumpsters for \$900

Do Your Part to Improve the Miami Valley

Do you have a vision for the Miami Valley Region in the year 2040? Your ideas and innovations are needed to help make the Miami Valley Region a better place to live, work and play! Come and join the Going Places discussion at Beaver Creek Township Fire Department Station 61 – lower level training room - 2195 Dayton Xenia Road, on January 14, 2010 from 6:00 – 7:30 p.m. to share YOUR vision! For more information, visit www.mvrpc.org/rfu or contact staff at goingplaces@mvrpc.org or 937-223-6323.

The Township Trustees meet every other week at Beaver Creek Township Fire Headquarters at 851 Orchard Lane. There is a calendar of Beaver Creek Township meetings and information about how to contact the Township Trustees on the Web site at www.beavercreektownship.org.

The Beaver Creek Township Board of Trustees, the Zoning Commission and the Board of Zoning Appeals welcome interested people to be present at each of these meetings.

Golf Club Special Events

Be sure to take advantage of the upcoming holiday events

The summer golf season may be winding down, but the fall schedule is heating up! Beaver Creek Golf Club is proud to offer a variety of special events sure to be enjoyed by all ages. Not only can you enjoy one of the most challenging golf courses in the area, but also get a jump start on those holiday gifts by attending the 2nd Annual Craft Fair on November 15. And don't forget the second Sundays of each month when the Club will offer its popular Sunday Brunches. Join us on December 13 and the kids can enjoy a special visit by Santa Claus!

Beavercreek Senior Center *Center and program fun facts*

The Center recently celebrated our fourth year in the Charles and Anna Mae Adult Enrichment and Cultural Arts Center. The Center is on pace to receive over 61,000 visits this year. In addition, there have been new classes and programs added this fall, including computer classes, exercise with Brian, Mahjong and chair volleyball.

The Center also has many upcoming special events like a Halloween Party, Defensive Driving Course, "HUGS" Project for our troops, trips for holiday shows and luncheons, and much more. For more information on these and other programs, contact the Center at 426-6166.

We have many ongoing daily, weekly and monthly programs here at the Center. The Red Hat Ladies and The Red Shirt Guys both meet the 2nd Monday of the month, Ladies for lunch and Gentlemen for a breakfast!

If you are a mover and shaker, we have a variety of exercise classes on tape and with a live instructor for yoga, line dancing, chair volleyball, and Wii bowling. If you enjoy a good game of cards, we offer bid and regular euchre and bridge. If other games are your thing, we have bingo, dominos, mahjong, pool, ping pong, corn hole, and cards and game night.

Educational and recreational classes such as art, computer, and knitting classes, discussion group, book club, and thriving with diabetes are available. The Center also offers health and hearing checks through local sponsors. Other leisurely activities include monthly movie, The Beavercreek Strummers, and lunch program two days a week.

As always, we have to mention our volunteers that we could not run the transportation or the Center without! These folks give so much of their time and compassion to our folks and we thank them! If you have the time and want to help others we may have a volunteer position for you!

We are located in The Lofino Center, 3868, Dayton Xenia Road. If you have not been by to visit us yet, please feel free to drop by and check us out.

Support Programs and Services for Seniors *[continued from page 1...]*

In addition to the financial support we receive from the Council on Aging, they also provide staff professionals at the Center. One program is designed to serve and support those who are taking care of loved ones which require so much of their time as well as the physical and mental demands of such care. Their staff recognizes the needs of these folks and offers a Caregiver Group that meets twice a month at the Center.

The Council also provides a Care Coordinator at the Center to provide assistance to all our seniors in a variety of needs such as filling out Medicare D, insurance and other forms which are often very confusing and not user friendly to seniors. The Council's Partners In Care Program is open to any senior 60 years plus who may need some type of service to maintain their independence in their own or family member's home.

They also provide services such as emergency response systems, home delivered meals, adult day care, reviewing prescription costs, and personal care and homemaker needs. The GCCOA is a clearinghouse for specialized information and professional assistance for older adults and their families. You do not have to be a member or attend the Center to utilize their services; you may simply contact them at 937-376-5486.

Holiday Open House Kickoff

Come join the festivities to kick off the holiday season on Wednesday, November 11 at 6:30 p.m. at Rotary Park's shelter, sponsored by the Retail Merchants of the Beavercreek Chamber of Commerce. This free event is brought to the community by your local merchants as a thank-you for your support of their Beavercreek businesses and marks the beginning of three days of open houses, special activities, sales and prizes at various area merchants.

The Piano Preparatory School will once again provide entertainment. Sing carols and enjoy the music along with your friends and neighbors, visit Santa, and enjoy refreshments around the warmth of a bonfire! There will be a craft area for children as well.

In conjunction with the open houses, the merchants are hosting a "Basic Necessities" drive to benefit the United Way of Greene County. Please help them collect shelter items by donating blankets, sheets, coats, hats, mittens, etc. For more information and participating merchant drop-off locations, call the Chamber at 426-2202 or visit www.buybeavercreek.org

Music Programs

All classes held at Piano Preparatory Academy; 3860 Dayton-Xenia Rd.

SESSION INFORMATION

Classes meet for 30-minutes once a week. Each session runs for six weeks total. As class sizes are limited, please register early to guarantee your placement.

Fall Session II:October 26 – December 11
 (Note: There are no classes the week of November 23 – 28)

Home School Programs

The Piano Prep School offers music enrichment opportunities designed with home-schooled families in mind. Shorter session lengths, earlier class times and discounted pricing make our home-school programs practical and affordable.

Our core class, *Pathways to Listening*, covers music fundamentals, composer biographies and listening excerpts – introducing students to a variety of musical styles and terminology. *Instrumental classes* provide an exciting introduction to each instrument in a fun and social setting. Upon completion, students may continue with the next session or transition into private study.

COURSE DESCRIPTIONS

Pathways to Listening I and II – \$50, includes all materials

Students will explore music fundamentals (rhythm, pattern recognition, music terminology) in the context of listening to a wide range of musical styles. Composer biographies and historical periods are discussed with each excerpt, in styles ranging from classical, blues and jazz, to folk music from around the world.

Pathways I is appropriate for students in Grades 2 – 5 who have not yet started music instruction or have studied up to three years of an instrument. Pathways II is most appropriate for Grades 5 – 9 or students who have studied for three or more years of an instrument. Advanced classes in music theory and history are also available. Please contact that school for more information.

Piano and Voice Classes – \$45, includes all materials

Voice Class covers singing fundamentals for students who have an interest in singing either solo or in a group setting. Classes focus on basics including breathing, tone production and matching pitch. Piano Class (grades 2 – 5), provides an introduction to the piano and note-reading for students who have not had previous instruction.

Pathways I	Pathways II	Piano Class	Voice Class
Mondays 1:00 – 1:30 p.m. or Wednesdays 1:00 – 1:30 p.m.	Mondays 1:30 – 2:00 p.m. or Wednesdays 1:30 – 2:00 p.m.	Grades 2 – 5 Fridays 1:30 – 2:00 p.m.	Grades 4 – 6 Mondays 2:00 – 2:30 p.m. or Tuesdays 1:30 – 2:00 p.m.
			Grades 7 – 12 Mondays 2:30 – 3:00 p.m. or Tuesdays 2:00 – 2:30 p.m.

Fall Session IINov. 23 – Dec. 21

Winter Session IJan. 4 – Feb. 1

Family Yoga

Instructor: Sandy Wright

Age: 6 year olds and up

Bend, breathe and bond as a family! This class is designed to introduce kids and their families to the basics of yoga through poses, partner yoga, relaxation, and breathing. This class will give families the opportunity to spend time as a family, relax, exercise and be with each other. Kids must be accompanied by at least one adult.

Note: This class is also open to extended family members as well as caregivers.

Fee is \$55 per session, price includes two family members; ex. mom and son; mom and daughter, etc. Each additional family member is \$25.

All Classes are held at The Studio,
3860 Indian Ripple Rd.

Wednesdays, 6:00 – 6:45 p.m.

Fall Session IOct. 7 – Nov. 4

Fall Session IINov. 18 – Dec. 16

Winter Session IJan. 6 – Feb. 3

Zumba

Instructor: Sandy Wright

Zumba combines high energy and motivating music (Latin and international dance rhythms) with unique moves and combinations that allow the participants to dance away their worries and calories! It is based on the principle that a workout should be fun and easy to do. Zumba is not only great for the body, but is also great for the mind. It is a feel-happy workout; be prepared to sweat! This class is geared to all fitness levels, with modifications offered so everyone can enjoy.

During inclement weather, please bring an extra pair of shoes to change into. Wet shoes make for a very slippery dance floor.

Fee is \$45 per session

All Classes are held at The Studio,
3860 Indian Ripple Rd.

Tuesdays, from 7:00 – 8:00 p.m.

Fall Session IOct. 6 – Nov. 3

Pilates

Instructor: Sandy Wright

Imagine an exercise program that you look forward to, engages you, and leaves you refreshed and alert with a feeling of physical and mental well-being. Pilates is designed to do all this and more.

Developed in the 1920s by the legendary physical trainer Joseph H. Pilates, it is a popular fitness method that improves your body shape and alignment. It consists of a series of exercises that gradually tones and strengthens your core muscles and improves flexibility. This class is designed for all levels of experience.

Fee is \$45 per session

All Classes are held at The Studio,
3860 Indian Ripple Rd.

Tuesdays, from 5:45 – 6:30 p.m. (Mat)

Fall Session IOct. 6 – Nov. 3

Fall Session IINov. 17 – Dec. 15

Winter Session IJan. 5 – Feb. 2

Wednesdays, from 7:00 – 7:45 p.m. (Props)

Fall Session IOct. 7 – Nov. 4

Fall Session IINov. 18 – Dec. 16

Winter Session IJan. 6 – Feb. 3

Note with Props: Using props - such as balance balls, resistance bands, rings, and weights - is a great way to challenge your core strength during this Pilates mat class.

Parks Winter Hours

During this cold and snowy season, your Beaver Creek Parks will remain open for your pleasure. Although the paved parking lots will be plowed, The Creekside Trail will be left in its natural state for the enjoyment of cross country skiers.

Around November 1, all restroom facilities will be closed so staff can turn off water to avoid freezing pipes. Port-o-lets will also be removed around that date.

Shelter Reservations

It's not too early to plan that summer picnic! Your Beaver Creek Parks are the best place to have a party – and they are free! Shelter reservations begin January 2 – call early to get your first choice. We have three large shelters and numerous small neighborhood shelters, each with different amenities and special features.

Call 427-5514 to make your reservation today!

Try a Truck

Come out to our third annual Try-A-Truck event on October 10, from 10:00 a.m. – 1:00 p.m. at the Municipal Maintenance Facility, 789 Orchard Lane. We have a great line up in store for you – a wide variety of trucks and other vehicles will be on display for you to climb in, climb on and “try” out. This event is free and open to kids of all ages.

Tap Dance

Instructor: Terri Rightmyer-Heist

Learn to Tap Dance and get great exercise while you’re having fun!!

“Tap releases something inside...It’s an energizing skill!” quoting a dedicated tap member. Tap into your energy and learn a new skill that is so fun you don’t even realize you are exercising. Tap provides physical exercise while challenging your mind with a new skill.

The classes include warm up exercises, tap instruction and a fun dance routine that includes new steps each week. Students learn quick feet movements through choreography to different rhythms. Students should wear tap shoes or leather soled shoes that can make a soft shoe sound effect.

Fee is \$79

All Classes are held at CI Beaver Hall, 3696 Highmont Street.

Fall Session I

Thursdays / Sept. 24 – Dec. 3

Beginner Class 6:15 – 6:45 p.m.

Intermediate Class 6:45 – 7:15 p.m.

Advanced Class 7:15 – 8:00 p.m.

Swing Dance – Swing II

Instructor: Gus and Jessica Vu

This class will focus on the basics of the Lindy Hop, or 8-count, Swing. Learn a collection of Swingouts (basic Lindy steps) and variations, as well as lead-follow techniques.

Fee is \$45 per couple, or \$30 per person

All Classes are held at CI Beaver Hall, 3696 Highmont Street.

Wednesdays, from 7:30 – 8:30 p.m.

October 7, 21, 28
(no class on October 14)

Wii Bowling Tournament

Bring your family to the first annual Wii Bowling Tournament, sponsored by the Miami Valley Recreation Activities Council on Wednesday, November 14 from 6:00 to 8:30 p.m. The event is free; however we do ask that you register in advance with the City of Beavercreek Parks, Recreation & Culture Department. Call 427-5514 for more information and to register.

ForEverGreen

If you would like to buy a live Christmas Tree this year but not sure what to do with it after the holidays, donate it to the City of Beavercreek Department of Parks, Recreation & Culture. We will replant your tree in one of our parks. By donating a live tree, it can be enjoyed year-round by your family members and our community. The program applies only to trees with attached root ball; cut trees will not be accepted.

To recycle your live tree:

- Purchase your tree from a reputable dealer
- Follow the vendor’s instruction to keep the tree fresh and alive
- Call the Parks Department at 427-5514 to arrange for pick up

The City reserves the right to refuse any living tree, which in the opinion of the City’s landscaping staff has been mistreated, dried out, trimmed so as to inhibit growth or in any way damaged so that it will not live when replanted.

Every year millions of evergreens are purchased for the holidays and then destroyed and thrown into landfills. We want to thank you for keeping Beavercreek... *ForEverGreen*.
